

FIRST THINGS FIRST

Ready for School. Set for Life.

To: Hualapai Tribe Regional Partnership Council Members
From: Ashley Pascual, Regional Director
Date: January 26, 2012

Discussion was held at the Regional Partnership Council Meeting, January 11th, 2012, on the Scope of Work for the FY2013-2015 Home Visitation Strategy. There was consensus to allow time for Regional Partnership Council Members to review the Scope of Work and provide feedback to the Regional Director. There were only a few suggestions provided, and those included providing definitions of terms within the Scope of Work and providing clarification on home visiting models.

Attached is a summary table of some evidence based models for Home Visitation. The questions included in the Scope of Work presented on January 11th, 2012, will all remain and will be included within the Government to Government Grant Agreement. Once the responses are received, the full Grant Agreement will be provided to the Regional Partnership Council for review and consideration of approval. The Grant Agreement will include the responses to the Scope of Work questions, an Implementation Plan, and a Budget.

Thank you,

A handwritten signature in black ink, appearing to read 'Ashley Pascual', with a large, stylized loop at the end.

Ashley Pascual, Regional Director
